

What our customers have to say

"Using Agora, **I was able to save \$30,000** on a large conduit order. Kojo makes it fast and easy to source quotes from multiple vendors, so I was able to find the best deal with little work or time wasted."

Ronnie Zimmerman,
Edge Electric

"With Agora, **everything is at least 20-minutes faster. Especially for the field.** They can select everything they want using an Amazon like shopping app. For purchasing agents, it **saves us about two hours a day.**"

Sean Estes,
Carol Electric

"We would not have been able to **increase business by 8-9%.** There's projects we physically could not have taken on last year if we didn't have the Kojo software handling all of our purchasing."

Glen Eglinton,
Universal Electric

"Pre-Kojo we averaged \$10,000 in leftover materials at the end of a job. With Kojo, we've reduced that to \$1,000 per job. This is saving us roughly \$270,000 across 30 projects every year in materials savings."
